

# CALL FOR PAPERS

## *“STEAM Education: Hearing the Voices from the Global South”*

The *American Journal of STEM Education* invites scholars, researchers, educators, and practitioners to submit manuscripts to amplify the voices and innovations emerging from the Global South in the field of STEAM Education.

Topics of Interest include (but are not limited to):

- Culturally responsive STEAM curricula and pedagogy
- Community-driven innovation and indigenous knowledge systems
- Intersectional frameworks empowering girls and vulnerable populations
- The role of the arts in civic engagement and inclusion
- Transdisciplinary and intergenerational collaboration in STEAM
- Decolonizing STEAM education
- Policy frameworks supporting inclusive education in the Global South
